

BOAT COVER1 ABSTRACT OF THE DISCLOSURE

2

3 A boat cover includes a framework shaped to be
4 attached to a plurality of pilings of a boat hoist
5 beneath or above the boat hoist. A fabric boat cover
6 has the framework and the sides thereof are lowered
7 when a boat is hoisted thereunder. A boat cover
8 raising and lowering mechanism raises and lowers the
9 cover sides and has a rotatable shaft operatively
10 rotated by a motor connected thereto and is located
11 beneath the boat cover.
